

AX550 MOVING GLASS WALLS

LUXURIOUS PATIO DOORS
MAKE A STATEMENT IN YOUR HOME

Luxurious living. Designs that move.

AX550 Moving Glass Walls are an innovative solution that blur the line between where your indoor space ends, and outdoor living begins.

Aspirational yet realistic, these sliding walls provide an elegant transition for indoor outdoor living that will help you create the home you've always wanted.

Despite their larger-than-life size, these patio doors glide effortlessly and operate with ease. Choose from pocket, stacking or bi-fold operating styles in standard or custom sizes for both new home construction and replacement or remodeling projects.

AX550 OFFERS:

- A beautiful focal point to capture expansive views
- Smooth and effortless operation you'll enjoy
- Four frame colors to enhance your home's look
- Energy performance for year-round comfort
- Three luxurious operating styles for design freedom

Why Milgard Windows & Doors

Quality

Milgard offers award-winning windows and patio doors built for long-lasting comfort. For over 50 years, industry experts have consistently recognized Milgard as a trusted brand. In fact, we've been the #1 online rated window and patio door brand for four years in a row*.

*According to Metrixlab

Experience

Since 1962, Milgard has designed and assembled superior custom-made windows and patio doors for replacement, remodeling and new construction. Milgard is known for their industry-leading designs, using patented technologies, that help make your home more comfortable.

Service

We have always taken great pride in our ability to provide exemplary customer service. We believe that being close to our customers and partnering with our dealers allows us to provide a better service experience.

Warranty

We have a dedication to quality and build our windows and patio doors to last. With AX550 Moving Glass Walls, as the original purchaser, you're covered with our Lifetime Limited Warranty. See complete details at [MILGARD.COM/WARRANTY](https://www.milgard.com/warranty)

No need to
compromise
between
design and
performance.

An Innovative Solution

A brand you trust brings you the door of your dreams. AX550 Moving Glass Walls can elevate and enhance the look and style of your home. Make a statement today with the newest patio door from Milgard.

MODERN LOOK

The narrow frame profile creates a modern look and even sightlines offer a beautiful design aesthetic you'll be proud to display in your home. Increase the amount of natural light flooding into your space and enjoy amazing views.

THERMAL PERFORMANCE

The Thermally Broken Aluminum design provides your home with the year-round comfort you're looking for.

CONFIGURATION OPTIONS

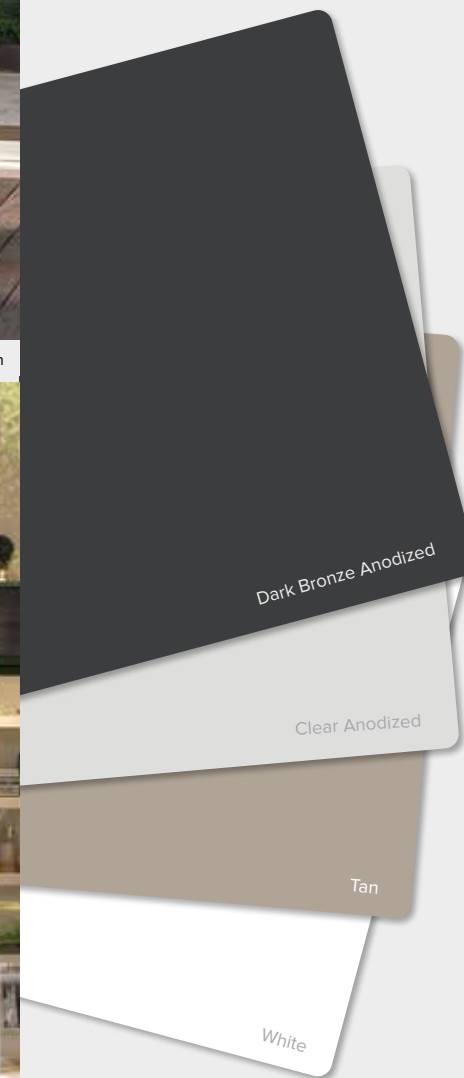

Milgard offers the configuration options you've been dreaming of. With panels as high as ten feet and as wide as 5 feet (varies by operating style), you can create an expansive entrance that makes a bold statement.

COMPLEMENTS MILGARD WINDOWS

AX550 Moving Glass Walls complement a variety of Milgard window options. From vinyl to aluminum or fiberglass, Milgard has a window series that can match your new patio door beautifully.

Make a Statement with Color

Exterior Colors
With a color-matched interior

Bi-fold

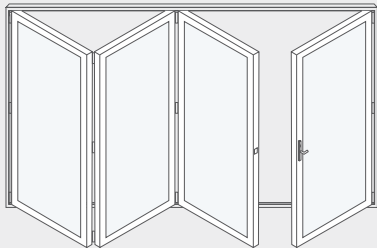

Unfold the potential of your home and experience a luxurious way to enjoy all the space it has to offer. As the door opens, each panel folds on top of the adjacent panel. The innovative top-hung design provides a door that’s not only easy to use but reduces the amount of maintenance you will need to perform over time.

Pocket

Seamlessly transition from the indoors to outdoors. When fully open, the panels slide into the wall pocket and completely disappear from view. Even when they are closed, these expansive moving glass panels make a design statement. It's simple luxury that's easy to use. Open up to maximize your view and allow fresh air.

MID-HEIGHT SILL 1-1/2"

STACKING AND POCKET
LOW-HEIGHT SILL 0.75"

BI-FOLD MID-HEIGHT SILL 2-1/4"

BI-FOLD LOW-HEIGHT SILL 1-1/4"

Energy Efficiency

Tested and Built for Your Climate

At Milgard, we help homeowners like you make an impact on their energy consumption by offering energy efficient windows and patio doors designed for your homes comfort.

We make it easy to meet local energy codes and green building efficiency standards with a selection of energy packages you can tailor to your specific climate. We conduct thermal simulations to improve energy performance and we adhere to ENERGY STAR® v6 requirements that meet or exceed U-Factor and Solar Heat Gain Coefficient (SHGC) criteria in the areas we serve.

Your energy efficient windows could include one or more of the following features based on your climate.

SunCoat® or SunCoatMAX®

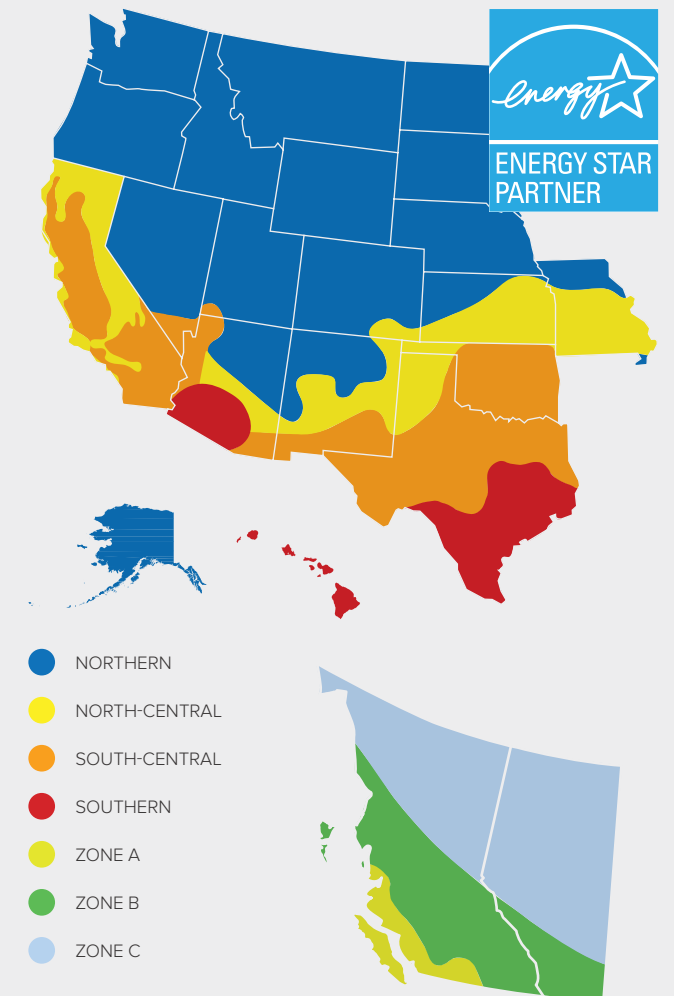

EdgeGardMAX® Spacer

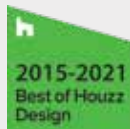

Foam Spacer

Argon

4th Surface

Triple Glaze
