Give your pet the freedom

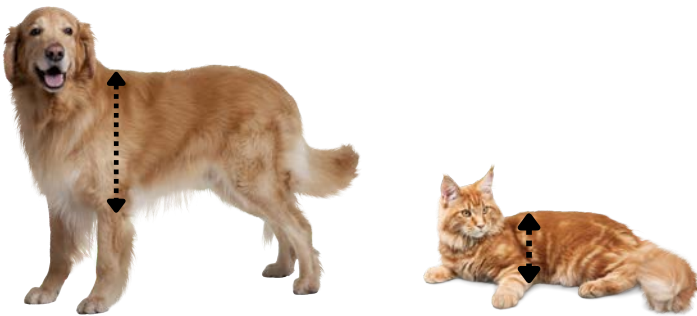

Our innovative solution seamlessly integrates pet doors into our premium Patio and French doors, ensuring a stylish and functional addition to your home.

Embrace the freedom of effortless pet access with our air-sealed pet door and enhance your living space with our cutting-edge designs.

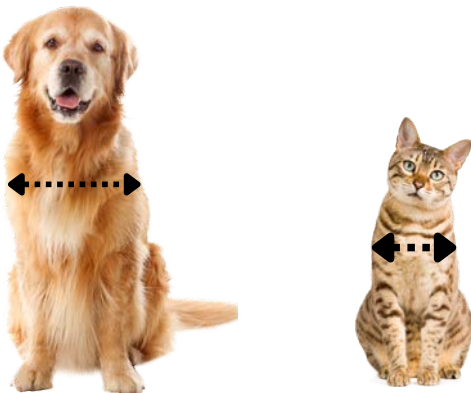

Sizing : How to Measure It

- Simply measure your pet's width and height to determine the proper pet size door

1) Start by measuring the widest part of your pets shoulders

2) Once width is determined, measure from the top of your pets back to the bottom of the chest

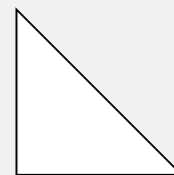

Size Chart

Recommended Weight	
Small	2 to 12 lbs
Medium	13 to 35 lbs
X - Large	36 to 90 lbs

Cleaning the Pet Door

- Its recommended to use a fresh watered, damp rag to wipe the flap panel surface
- Using strong cleaning products to clean the pet door may cause permanent damage
